MURPHY, the Jeweler.

The Robert Gilham, one of the largest and most powerful towboats that ply the Ohio river, touched the wharf here yesterday and discharged about thirty roustabouts. She then headed down stream and ploughed her way through the heavy ice like a regular iceboat. The discharged men took an evening C. & O. train for Cincinnati.

The big Smith Hotel at Augusta was entirely destroyed by fire this morning. Fortunately there was no loss of life. Owing to the absence of fire machines, having only hand chemical extinguishers, and the intense cold weather, the firemen had a hard fight to save that part of the city. The conflagration was caused by a coal oil stove on the third floor, used for heating that portion of the house, exploding. The loss will be considerable.

The Court of Appeals Wednesday delivered an important opinion in a suit involving the fees of a Commonwealth's Attorney, holding that fees collected in one year can be applied to his salary in another year for the same term, providing his fees have not reached the amount of \$4,000, the limit which he can receive. The decision also holds the same rule as to fees of County Attorneys and Circuit Clerks, and directs their payment through the Auditor as heretofore in the construction of the law.

The Ledger's Appeal For the Needy Not in Vain

Christian Men Committee Organized Yesterday to Attend to Wants of the Destitute

The men and women of this city are not cold, indifferent and heartless in the presence of distress; on the contrary, the milk of human kindness predominates and their senses need only be awakened to a knowledge of such a condition.

This fact was beautifully and in a practical way demonstrated at the Men's Prayer Meeting yesterday afternoon, when the distress among the city's poor was made a subject of talk and prayer.

There was a goodly number of substantial, big-hearted Christian gentlemen present, and it did not require many minutes after they understood there was striding gaunt and banger in our midst to crystallize a way of affording immediate relief.

Too often—when a great sorrow or calamity has befallen one—you hear men say, "I am very sorry for Mr. So and So," and the wind expended in uttering the words is generally as far as their sympathy goes.

Not so in this instance. A proposition to raise a fund was liberally responded to and when the cash was counted it amounted to \$46.

It was then determined to organize a permanent Relief Committee whose duty it is to look after the needy, worthy poor for the balance of the winter.

One Committeeman was chosen from each Church as follows—

Mr. John C. Pecor, First Presbyterian Church.
John Duley, First M. E. Church, South.
I. M. Lene, Methodist Episcopal Church.
J. Barbour Russell, Christian Church.
William F. Hall, Central Presbyterian Church.
John T. Parker, Baptist Church.

All true and good men whose hearts will enter into the God-given work they are expected to perform.

Now your charitable ones who are disposed to give your mite—be it a piece of money, coat off clothing of any kind, for man, woman or child—and your offering to either of the above committeemen and they will see that some poor soul will be the beneficiary of your kindness.

The good women of our city ought to organize similarly and work as an auxiliary to the above committee.

Of all the virtues charity is the sublimest. Let every one give a willing assistance; do not wait to be asked, but cheerfully tender whatever aid that lies within your power.

May God bless the movement.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Open Letter.

To the Public:

I have some NEGLECTED property in Maysville that I can sell you at a price that will make you 25% in less than three months. All it needs is to change hands and people will realize how cheap it is.

By the way, did you ever stop to think the amount of work that has been done in our city the past year by reason of my "Combination Sale" and private sales of property?

Out of about twenty-five pieces of city property sold the larger number have had repairs and additions made to them. They have been painted and cleaned up.

What has this done?

It has given employment to the carpenter, the plasterer, the painter, the brickmason, the plumber and all classes of mechanics; has made a demand for hardware, lumber and all kinds of building material; it has improved the appearance of our city, and where once was the appearance of neglect and decline is now the evidence of prosperity and progress.

Will you not help me to do more along this line? Come and buy something and improve it. It will make you money and help old Maysville. Spend your money here among our merchants and mechanics, but above all, do all your real estate business either buying or selling with

Yours truly,

It is more than probable that the Czar will postpone "dictating terms of peace in Tokyo" until he has restored peace in St. Petersburg.

It isn't very creditable to that party, but Judge HARGIS, whom a Jury has just assessed \$8,000 for his share in the killing of Attorney MARCUM in Breathitt county, is a member of the Democratic State Central Committee.

It's truly refreshing to hear members of the Legislature urging "economy" in public expenditures, and at the same time using dilatory tactics to keep the Legislature in session at a needless cost of \$1,000 a day to the taxpayers. Settle the Capitol site question one way or the other, and do it quick; then go home. If you don't, people will begin to think it's the \$3-a-day job that's keeping you in Frankfort.

Attorney General Hays Tells Tales Out of School

Louisville Herald.

THE CAPITOL JOBBERY.

The people of Kentucky owe Attorney General Hays a debt of gratitude for the flood of light he has thrown on the evidences of jobbery in the New Capitol scheme. Mr. Hays does not charge jobbery, and is careful not to angest motives for the majority of the Commission, but he lays the record of the facts before the people of the state for their information and conclusions. From his statement it appears that the Capitol Commission has determined to waste at least \$220,000 of the public funds that it could have saved. E. E. Myers, of Detroit, an architect who has constructed some of the greatest capitol buildings in the world, offered to build the Kentucky State House for that much less than any other architect in competition. Moreover, he offered to furnish adequate bond for the performance of his undertaking, to the satisfaction of the Commission and the General Assembly.

Mr. Myers is the architect and contractor of the State Capitol of Texas and the Parliament Building of the Republic of Brazil, each of which cost \$8,000,000, and besides erected several other capitol in the United States. He was evidently no fake bidder, no "cheap architect," against whom sneers have been created by the majority members of the Kentucky Commission. He was abundantly endorsed and recommended, it seems, and offered to give bond for personal liability for the excellence of all the work and material to be put into the Kentucky Capitol.

Not only was this proposition turned down, but nobody in the state has heretofore heard of it. Not only was it turned down, but the work was handed over to an architect who has never constructed a capitol, and no bond was exacted of the favorite thus chosen! It is astonishing, but Attorney General Hays makes the statement, and the facts ought to be easy of ascertainment. The manner in which the architect was chosen, as shown by the record of the voting, will remain a mystery to those who are not familiar with the methods of political caucuses. It was rumored in advance of the selection that the naming of the architect

was the price of control of the State Democratic Convention last summer. So, it seems, the control of that political machine cost the tax payers \$220,000—with much yet to be heard from.

The selection of the architect is an example in bleglyphics. Attorney General Hays has given the public the record of the vote. The General Assembly might get an explanation of it by means of an investigating committee. It appears that Mr. Myers was never voted for. It is not clear whether his proposition was even considered. Attorney General Hays does not seem to have known anything of the Myers offer until after the architect had been selected.

All diseases and affections of the SKIN

Positively cleared away in a hurry. I vouch for it.

Thousands of wretched people are miserable—imagining they have a bad poisoning of the blood—when in nine cases out of ten it is purely a local parasitic manifestation in the skin which can be cleared away in a hurry.

Such misery now cleared away as surely as the sun shines above. Not merely ATTEMPTED—not a matter of improvement only—but a clearing of it all away absolutely—and quickly, too.

ECZEMA.

The photograph showing the terrible inroads Eczema had made on this boy's face and head can be seen at our store. This work of the camera is the best evidence of the curative qualities of the D. D. D. Remedy.

(Case of Sammy Minkey. Cleared away and entirely cured in 21 days. Fully proven to suit)

We vouch for this--absolutely.

It has been proven to us beyond the possibility of doubt that a new medicament known as D. D. D. clears up the worst skin affections quickly. Its work seems astonishing, amazing, almost miraculous. (It is a specific formula which, because of its discovery by Dr. Decator Dennis, is known as "D. D. D."). Its actual record sounds like a story of magic. But there is no room for doubt about it whatever; full proofs indisputable in every respect, have been submitted to us regarding hundreds of cases—among them the one case shown here of the boy (Sammy Minkey), who was cured in 21 days. The results are not only complete, but permanent; in this case it is now nearly two years since the disease was cleared out of the skin and no taint of it has appeared since.

Each one of the known skin affections is parasitic in nature, and all of them have yielded to "D. D. D." The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Co., 70 Dearborn St., Chicago.

It is utilized by every family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago. It will clear away any parasitic break in the skin in from 3 days to 60 days' time. Visit the undersigned and see proofs that will make you a happier human. \$1.00 buys the prescription—already made up in sealed bottles, with authentic label or each.

The only authentic instance of anything approaching violence there was in the dispersal of a crowd of about 3,000 workmen by Cossacks. So far as is known there were no casualties. In Finland the agitation has nothing to do with the labor question, but is political in character.

WHY WE CAN

So Fearlessly Guarantee Vinol.

"It is true," said Mr. Pecor, "we stand ready to refund money paid us for Vinol every time it fails to be what we claim for it, and when we tell you that Vinol actually has a record of succeeding in ninety-eight cases out of every hundred you can see why it is we are so ready to do this.

"There is absolutely nothing that will act as a general re-builder, strength restorer and flesh creator for old people, children, weak people and during convalescence equal to Vinol.

"The reason for this is that Vinol contains in a highly concentrated form those important medicinal elements that have always made cod liver oil famous, but it is far superior to cod liver oil and emulsions inasmuch as it contains none of the grease or oil to upset the stomach or retard its work, and it is delicious to the taste."

Mrs. W. C. Parker of Jackson, Mich., writes: "I have been sick and all run down for over a year, have taken all kinds of medicines and treated with our best physicians but received no benefit. My nervousness is gone, I have gained in flesh and strength and sleep well. I wish every woman suffering as I did would try Vinol."

My last invoice of those Extra Fancy Open Kettle Molasses just in. They go at the surprisingly low price of 45c. The quality can't be beat. My fine Blended Coffees are the talk of the town. They still go at 15c. No money in them to me at the price, but they are snags for you. FINEST TEAS bought directly from the importer. Can't be equaled in Mayville, either in price or quality. PERFECTION FLOUR always gives satisfaction. If you want the best at all times don't buy any other brand. You know I would not sell it and recommend it for sixteen years continuously if it was not what I believe for it always the best. Those extra fine fall catch MACKEREL are going like hot cakes just because they are what I recommend them to be—the finest that can be bought. Remember, I guarantee everything I sell to be just as recommended. If I tell you an article is the best, and you find it is not, return it and get your money back. At the extremely low prices I have named on these goods I must ask my customers to pay cash when they wish to take advantage of the price.

DOONE FOR DOOD.
No Need for Any Maysville Sufferer to Fear That It Will Return.

The pain often returns to the aching back when you think you are rid of it. No fear that it will return again after using Doan's Kidney Pills. This remedy makes bad backs well and weak backs strong and keeps them. The testimony of people who have tried them proves the truth of this statement. You can readily verify the truth of such testimony as the following:
John Wallingford, living at the corner of Commerce and East Second street, Maysville, Ky., says:
"I first used Doan's Kidney Pills in 1890 and they stopped an attack of backache, which had annoyed me for some time. My wife at that time gave for publication in our local papers a statement telling of the great benefit I had derived from Doan's Kidney Pills, and now, some five years later, I can say that the cure then effected has been complete and permanent. My back and kidneys have never given me the least cause for complaint. Mrs. Wallingford also appreciates the value of Doan's Kidney Pills from personal experience with them. She suffered most acutely with backache, especially at night, and Doan's Kidney Pills promptly and thoroughly cured her."
For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no substitute.
